

CÉSAR CARRILLO

ASSOCIATE

PROFILE

César Carrillo Temple specializes in public services regulation, infrastructure and concessions, energy, elimination of bureaucratic barriers, antitrust and merger control.

He provides advisory related to legal and regulatory compliance in energy, transport, telecommunications, antitrust, among others. He also counsels on administrative sanctioning procedures, and private investment procedures on public services and public infrastructure use.

César has been a member of the Board of Directors of Athina Magazine (2016), a founding member of the Circle for the Study of Competition Law at the University of Lima (2018) and represented the University of Lima at the XI and XII editions of the International Arbitration Competition, organized by the University of Rosario and the University of Buenos Aires (2018 and 2019).

César won first place in his class at the Law School of the University of Lima (2019). From 2020, he is co-coach of this house of studies for international competitions in commercial arbitration and investment arbitration (MOOT).
